# TERRE BLANCHE

In the eastern side of Provence, nestled in unspoiled lush nature, "Terre Blanche is like an oasis to me" said its billionaire German owner Dietmar Hopp, "an oasis which is soothing to the soul" …
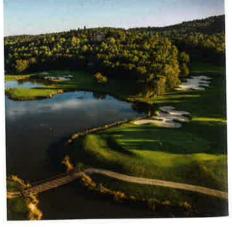

## Terre Blanche: Golf, Spa and much more...

At only 45 minutes from Nice Côte d'Azur International airport and 35 minutes from Cannes, discover this peaceful luxury resort, unique in the region, member of the Leading Hotels of the World and European Tour Destination.

The creation of the resort was inspired by Provence's villages with accommodations set in villas designed as a charming Provencal village with flourished coble stone alleyways amidst peaceful gardens. In harmony with nature, every suite has alluring views, luxury space, comfort, privacy and large terraces. The resort features four restaurants including one with a Michelin star, two of the most prestigious golf courses in Europe that regularly host professional tournaments, a lavish spa and a Kids' Club. However, the resort's masterpiece is without doubt the 600 sqm infinity pool surrounded by spacious and intimate cabanas, offering panoramic views over the authentic Provence.

The two 18-hole courses, Le Château and Le Riou, both designed by former Ryder Cup player Dave Thomas, are set in a magnificent and untouched nature. Le Château runs over 6,616 metres with bunkers, water hazards, and greens worthy of a championship course. Le Riou, with its 6,005 metres, offers a slightly different game. High above the valley, it is a technical course with hilly, winding fairways and fast greens that reward strategic and precise play. This course, available only for hotel guests and members, is host to the Ladies European Tour Access Series' Terre Blanche Ladies Open. With the third edition taking place this Spring, the resort is a leading player in growing and supporting the women's game. In addition, the resort sports a one-of-a-kind Albatros Golf Performance Center, labeled "European Tour Performance Institute" completed with a Leadbetter Academy and a Biomecaswing Center where you can enjoy unique training facilities and sophisticated analyses. It's no surprise that Terre Blanche has been ranked

No.1 Golf Resort in Continental Europe in 2017 by the acclaimed Golf World magazine.

Off the course, you would appreciate the resort's stunning spa. Surrounded by luxurious greenery, this Provencal villa is a sanctuary of well-being that has all the treatments you could dream of. If you fancy a dip, there's a 20-metre indoor pool and an outdoor vitality pool otherwise you can choose between the daily fitness classes.

Being in the epicentre of a fantastic countryside, the resort offers you the chance to explore the medieval villages discovering local traditions or enjoying wine tasting at wineries. Alternatively, sport enthusiasts will enjoy inter alia cycling across the region, hiking, boating or gliding in the blue sky to uncover breathtaking panoramic views. For the younger travellers, the Kids' Club provides a wide range of activities alternating games, discovery and creations for children up to 12 years old while the Teens' Club organizes multiple outdoor adventure activities for teenagers during July and August.

Last but not least, Terre Blanche is a first-choice destination for gourmet. The Michelin-starred Chef Philippe Jourdin has his own botanical garden and uses the fresh seasonal herbs for his recipes. Every morning he bakes fresh breads, croissants, pains au chocolat in his own boulangerie while the bees gather nectar in the flowers to produce a delicious honey served for breakfast.

In other words, Terre Blanche provides you with all excuses to pack your bags !
